

V Economic Development and Gender Equity

* higher status for females goes along with higher development

A. World Gender Equity Statistics

1. Smaller number = more rights for women

Ex Switzerland 0.028 vs Niger .713

B. More Jobs + Low Pay for Women

1. Employment opportunities have increased

a many available + willing to work for lower wages.

2. Still a huge gap in pay

USA men 17.5% more than women
